INTRODUCTION

PURPOSE

The project focuses on supporting programmers and supporting Arabic content, but initially the project was done in English to try out the use at the present time and to add free downloadable products

INTENDED AUDIENCE AND PERTINENT SECTIONS

The site focuses on the category of programmers, developers and designers to offer their products free of charge for the purpose of selling them for a financial amount or for free

PROJECT SCOPE

Initially the site domain is targeting the Middle East for the purpose of encouraging Arab programmers

DOCUMENT CONVENTIONS

The site does not need much to explain because it will come in two languages in the future. When entering the site, everything will be clear to the user
